## ORTHOMED 5" DRILL BIT STERILIZATION CASE

**Promo Price \$199.00**

OM 48-0100

5 1/2" x 4 1/4" x 3/4" (closed) (140mm x 108mm x 19mm)

- Holds 5" drill bits for sterilization and storage.
- Drill bit sizes and OrthoMed part numbers are clearly noted on the inside of case for quick identification and reordering.
- Lid opens and raises the internal tray containing drill bits up for easy access.
- Lid folds back and acts as a support to hold the case in an upright position – taking up less room in the O.R.
- When closing lid, the internal tray is lowered and contents are held in place, preventing shifting.
- Top of case locks when closed helping to prevent accidental opening.
- Case has a one piece design – eliminates the possibility of losing or switching case parts.
- Anodized aluminum case is lightweight and built to withstand abuse.
- Fully autoclavable to 270°F.

### FREE PIN GAUGE RULER

**When you buy the OrthoMed 5" Drill Bit Sterilization Case and all the drill bits it contains**

OM 39-0710 6" (152mm)

### **We are OrthoMed Inc.**

OrthoMed, Inc. HAS been providing health care professionals quality products and services since 1970. Founded by Ronald E. and Martha Dyches who built a successful business on the values of bringing innovative products to the market and providing the highest level of service possible.

We continue with that commitment today, providing health care professionals with the highest quality products and services at the most competitive prices. We pride ourselves on being the Surgical Instrument Specialists and being a complete source for all your instrument needs. We cross reference most instrument companies and can often source the unique and hard to find instruments not found in this catalog. We are happy to do the research if you provide a cross reference number or a picture.

### **OrthoMed, Inc.**

#### **The Surgical Instrument Specialists**

We are proud to introduce this catalog with more than 3,300 products featuring one of the most comprehensive instrument lines in the industry. At OrthoMed, Inc. we have a passion for surgical instruments and truly want to be known as the Surgical Instrument Specialists. At OrthoMed, Inc. we will continue to provide the innovative instruments that surgeons demand for the ever evolving new surgical techniques. We also have a large number of spinal instruments for this growing specialty.

In addition to our premium Operating Room instruments we provide middle and economy grade instruments for Central Supply, the emergency room, and the floors. These instruments also must pass strident manufacturing processes and are ISO 9001 certified in conjunction with FDA and CE standards. Many instruments used in these areas may not need to be premium grade when a lower cost instrument will suffice.

Our goal at OrthoMed, Inc. is to provide all your surgical instrument needs and continue to build on the trust and confidence that we have earned over the last 36 years.

### **Ordering**

Orders may be placed by contacting our customer service department at **503 234-9691** or toll free **800 547-5571**. Orders can also be faxed to **503 234-8629** or emailed to **custserv@orthomedinc.com**. OrthoMed, Inc. also has authorized sales representatives and distributors. Please call customer service for the sales representative or distributor serving your area.

### **Return Policy**

OrthoMed, Inc. requires a return goods authorization on all returns. Most returns will be authorized unless they are over 30 days from date of invoice, have been used, processed or sterilized, or are special or custom orders. A restocking fee may be charged for items with missing packaging or labeling. To receive authorization for the return of unused merchandise contact your OrthoMed, Inc. sales representative or call customer service at 800 547-5571.

### **Guarantee**

OrthoMed, Inc. instruments are guaranteed for life against manufacturing defects of material or workmanship. This guarantee is void if instruments are not maintained or repaired properly, or if they are not used for their intended surgical purpose. Tungsten carbide inserts on scissors, needle holders, and wire cutters are guaranteed for three years. Replacement parts, such as springs, are guaranteed for one year.
